

About the Department

The Department of Computer Science is one of the forerunners in the country in offering IT education since 1991. The degree programmes offered by the department come in various IT flavours spread across engineering, science, applications and research viz B.Tech, M.Tech, B.Sc., M.Sc, MCA and Ph.D. The department has always been the goto destination for higher education in computer science and IT for students across the country over the decades. The department owns credit and merit with respect to erudite faculty, state of the art infrastructure, cutting-edge research & innovation, passionate student achievers and distinguished alumni. The roadmap of the department is populated with prominent milestones with respect to its IT contributions to the University, community and society at large.

Vision and Message of Head of Department

Dr. S. K. V. Jayakumar

- Professor

Welcome to the Department of Computer Science at Pondicherry University!

The Department of Computer Science stands at the forefront of academic excellence and research innovation, shaping the future of computing research, theory and applications. We are proud to offer cutting-edge programs that align with industry trends and global best practices, ensuring our students gain a strong theoretical foundation coupled with hands-on experience.

With a focus on emerging technologies such as big data analytics, artificial intelligence, cybersecurity, and cloud computing etc., we integrate interdisciplinary approaches to address complex computational challenges. Our faculty members, recognized for their research contributions, actively engage in collaborations with leading academic institutions and industries, fostering an environment of knowledge exchange and technological advancement.

Our department boasts state-of-the-art research labs, providing students with access resources and collaborative research opportunities. We have established partnerships with key industry players, facilitating internships, project-based learning, and professional development programs to enhance career readiness.

Students are encouraged to participate in our flagship technical symposium, workshops, hackathons, and research initiatives through our vibrant Computer Science Research Forum. These platforms provide avenues for skill enhancement, networking, and showcasing innovative solutions to real-world problems.

Our graduates have successfully transitioned into impactful careers, contributing to academia, industry, and entrepreneurship. Many have secured prestigious positions in multinational corporations, research institutions, and startups, reflecting the strength of our academic foundation and industry-oriented curriculum.

As we continue to evolve and expand our academic horizons, I invite aspiring students, researchers, and professionals to explore the opportunities within our department. Together, let us innovate, inspire, and transform the future of computer science.

List of Faculty Names

- Dr. R. Subramanian
- Dr. T. Chithralekha
- Dr. S. Sivasathya
- Dr. S. K. V. Jayakumar
- Dr. K. Suresh Joseph
- Dr. S. Ravi
- Dr. M. Nandhini
- Dr. Pothula Sujatha
- Dr. P. Shanthi Bala
- Dr. R. Sunitha
- Dr. K. S. Kuppusamy
- Dr. V. Uma
- Dr. T. Vengattaraman
- R. P. Seenivasan
- Dr. K. Vijayanand
- Dr. T. Sivakumar
- Dr. M. Sathya
- Dr. S. L. Jayalakshmi
- Dr. Krishnapriya
- Dr. Sukhvinder Singh
